OUR STORY

Talent Solutions is a leading provider of engineering staffing services, serving clients nationwide. We began our journey in the staffing industry by focusing on technology and financial services, but quickly realized the demand for our services extended beyond these industries. Our success in placing top talent in these areas led to an influx of requests for assistance with all types of engineering roles, including temporary, temp-to-hire, and full-time positions.

We pride ourselves on our ability to provide exceptional service to both large and small customers. Our team of experienced recruiters has a deep understanding of the engineering industry and is dedicated to identifying and placing the best candidates for each role. By working closely with our clients, we are able to understand their specific needs and tailor our search to find the perfect fit for each job.

At Talent Solutions, we are committed to providing our clients with top talent and exceptional service. Whether you are a large corporation in need of a full-time engineer or a small business looking for a temporary worker, we have the expertise and resources to find the right candidate for you. Contact us today to learn more about how we can help you find the best engineering talent for your organization.
